

# Inquiry Reflections

Created By: Caleb Hansen

# What I focused on?

- To learn about a new culture. The key concepts: Culture is what makes people different and that each kind of culture has a different world. Identity is what make us stand out form others. Beliefs are what people believe in and what we value.

# What I have learnt

- There are cultures in every country. That everyone has a different identity. Everyone has different beliefs.

# What was my process for my learning

- First we looked at the concepts Culture Identity and Beliefs and did a whole lot of things around them and we had our hook'n'day to get us hooked in on the topic. Then we had to...
- Create an itinerary for someone to go to a country.
- Make a movie Itinerary for that country.
- I had to export it and then send it to the teacher. Then get judged by the class for the digi awards.

## Share some key facts that stood out for me
